Chapel Checking Project Meeting

Problems: Reporting / Barcode Scanner

Costs: Expensive, clunky, event efficiency

Sync Errors, Attendum (program) shuts down, Freezes

Go Interface good, master calendar issues – event already has chapel life credit, even if not selected

Default master calendar should be no chapel credit

Then Chapel office can approve it and set it to yes chapel credit

Master calendar event application vs chapel credit application

Chapel credit application (make online?)

Get rid of master calendar option to request chapel credit

My Gordon – Chapel Credits
